

Infrared Thermometer (with Marker)

Part Number **SK-8300**

20200402231352

Product Model	Radiation thermometer	Measurement Temperature Range(°C)	-30~1550
Minimum Temperature Display(°C)	0.1	Drip-proof/waterproof function	NA
Width(mm)	51	Depth(mm)	166
Height(mm)	200	Distance to Measuring Range Ratio (D to S)	50 to 1
Power Supply	One 9 V Layered Battery (6F22) (Included)	Trusco Code	406-9269
Mass(g)	280	Features	It is a Consumer Product Safety Act PSC Mark product. The emissivity is changeable. (Configurable between 0.01-1.00 at 0.01 step) It has upper and lower minimum alert function. With maximum and minimum temperature, average value, and temperature variation during measurement functions.
Radiation rate	0.01~1.00	-	-
