AT-430L2

Features

- The AT-430L2 Infrared thermometer 550 is designed small type, It is easy to bring when make measurement. It can be determined the surface temperature.
- The AT-430L2 is builded-in laser pointer increases target accuracy with the back light LCD and handy push-buttons combine for convenient, ergonomicoperation.

Specification

Function	Range
Measuring Range	-60～550℃
	-76～1022℉
Measurement Accuracy	±1.5℃ (2.7℉)
Repetitiveness	±1% or ±1℃
Distance Ratio	12:01
Emissivity	Fixed at 0.95
Resolution Ratio	0.1℃ or 0.1℉
Response Time	500ms
Response Wavelength	8～14μm
Contact Measurement Conversion	√
℃/℉ Temperature Conversion	√
Laser Location Selection	√
Data Hold	√
Backlight Display	√
Low Voltage Display	√
AutoShut Off	√
Power	1.5V AAA X 2
LCD Size	23mm×23mm
Product Colour	White Grey
Product Weight	117gr including batteries
Product Size	152.97 x 114.30mm x 47.57mm
Standard Accessories Packing	IR Thermometer ,Battery1.5V AAA x 2, Gift box , Manual, .

AT-550

Features

- The AT-550 Infrared thermometer 550 is designed small type, It is easy to bring when make measurement. It can be determined the surface temperature .
- The AT-550 is builded-in laser pointer increases target accuracy with the back light LCD and handy push-buttons combine for convenient, ergonomic operation.
- The Type K thermocouple input provides contact measurements up to 300°C (572°F).

Specification

Function	Range
Measuring Range	-50～550℃
	-58～1022℉
Measurement Accuracy	±1.5%full scale
Repetitiveness	±1%or±1℃
Distance Ratio	12:01
Emissivity	Fixed at 0.95
Resolution Ratio	0.1℃ or 0.1℉
Response Time	500ms
Response Wavelength	8～14μm
Contact Measurement Conversion	√
℃/℉ Temperature Conversion	√
Laser Location Selection	√
Data Hold	√
Backlight Display	√
Low Voltage Display	√
AutoShut Off	√
Power	9V (6F22)
LCD Size	23mm×23mm
Product Colour	Dark Yellow
Product Weight	165g
Product Size	148mm×105mm×38mm
Standard Accessories Packing	IR Thermometer ,Battery 9V, Wrist Strap, Gift box,Manual, Type K Temperature probe.
