

APECH HL-9201

Features

- AC values of the voltage without DC components
- DC values of the voltage without AC components
- AC values of the current without DC components
- Resistance Each of these parameters can be selected by means of an 11-position rotary

Specification

Function	Range	Accuracy
DC Voltage	60V	±(3% full range)
	150V	
AC Voltage	300V	±(3% full range)
	600V	
	600V	
Resistance	R x 1	±(4% arc) Arc length 35mm
	R x 100	
AC current	6A	±(3% full range)
	15A	
	60A	
	150A	
	300A	
Temperature	R x 100	±5°C(0°C ~ 100°C) ±10°C (Beyond the range)

APECH HL-9206

Features

- AC values of the voltage without DC components
- DC values of the voltage without AC components
- AC values of the current without DC components
- Resistance Each of these parameters can be selected by means of an 11-position rotary

Specification

Function	Range	Accuracy
DC Voltage	60V	±(3% full range)
	150V	
AC Voltage	300V	±(3% full range)
	600V	
	600V	
Resistance	R x 1	±(4% arc) Arc length 35mm
	R x 100	
AC current	6A	±(3% full range)
	15A	
	100A	
	250A	
	500A	
Temperature	R x 100	±5°C(0°C ~ 100°C) ±10°C (Beyond the range)
